PROBABLE CAUSE

Summary

4. In summary, and as set forth further below, the FBI has been investigating a kidnapping for ransom that occurred in Chicago on October 27, 2024, through November 1, 2024, when all four victims were released. The kidnappers demanded the father of Victim A, and later, Victim A him/herself, send cryptocurrency to the kidnappers in return for the safe release of Victims A–D. While kidnapped, the kidnappers forced Victim A to transfer cryptocurrency to wallets controlled by at least one of them, and later conducted independent transactions after gaining access, for a total of approximately \$15,000,000 in cryptocurrency assets. As set forth in greater detail below, through surveillance video footage and some positive victim identifications, the kidnappers have been identified as FAN ZHANG, ZEHAUN WEI, HUAJING YAN, SHENGNAN JIANG, SHIQIANG LIAN, and YE CAO.

Background on Kidnapping

5. According to Individual A, on October 27, 2024, at approximately 1:00 p.m.,¹ Individual A was called, through WeChat, a Chinese messaging application, by

his son's phone number, (xxx) xxx-9681² ("Victim A Phone").³ When he picked up, he recognized the voice on the other end of the conversation as his son ("Victim A"). Victim A told his father that Victim A and his family, Victim B, and Victim C had been kidnapped. FBI later learned that Victim D, the nanny for Victim A and Victim B, had also been kidnapped. Victim A told Individual A that the kidnapper demanded a ransom payment or they would be killed. The phone line was then disconnected. Individual A lives in Georgia, and according to Individual A, Victim A moved into a townhouse in Chicago ("Victim B Residence") on or about October 15, 2024, joining Victim B and Victim C⁴.

6. According to Individual A, during the same call, an unknown person who identified himself as the person holding Victim A and his family captive got on the line.⁵ The conversations took place in Chinese. When Individual A was informing law enforcement about the conversations, Individual A transcribed some of the conversations into English and provided it to law enforcement. Individual A said, "A

² In two previous warrants (24 M 871 and 24 M 834), this call was referred to as being from an unknown number. It was actually from Victim A's Phone. In a later interview with Individual A, Individual A clarified that the call from his son actually came through WeChat.

³ Individual A's first language is Mandarin, though he speaks some English. Therefore, the following information is a summary and not a direct translation.

⁴ Based on my training and experience, I know that cellular telephones, and various applications on cellular telephones, can be used as facilities or instrumentalities of interstate commerce in furtherance of the commission of offenses. Based on the investigation to date, ransom demands were made between Illinois and Georgia in furtherance of the kidnapping.

⁵ Previously, law enforcement believed based on conversations with Individual A that this conversation took place over instant message on WeChat. In a later interview with Individual A, Individual A reported that the conversation with the unknown person happened over WeChat on the same voice call as the call from Victim A. The wallet addresses were sent via instant message.

male kidnapper informed me via WeChat that I must send BTC/ETH⁶ to the provided wallet address within an hour, or they would kill the hostage. He also warned me not to call the police. I told him I don't have any BTC or ETH left, but he responded by saying to send whatever amount I had." Individual A also provided pictures of the QR codes of the wallet he was sent by the kidnappers to law enforcement.

7. According to Individual A, he told to the kidnapper that he did not have enough Bitcoin available at the time and that he would have to wait until Monday to purchase more.

8. Individual A told law enforcement that everyone in his family has the "Find My iPhone" application, and that according to the location data, in the hour prior to the first phone conversation with his son, Victim A's Phone was located at the Victim B Residence.

9. According to Individual A, October 27, 2024, at approximately 3:26 p.m., Individual A was contacted by an unknown phone number ending in -8358.⁷ An unknown male informed Individual A that he would be contacted again on Monday for further instructions. Individual A told law enforcement that Victim A's Phone location through the "Find My iPhone" application was then turned off.

10. On October 27, 2024, at approximately 5:00 p.m., law enforcement went to the Victim B Residence to conduct a well-being check. Upon arrival, law

enforcement knocked and announced its presence. After receiving no response, law enforcement turned the knob on the front door and discovered the door was unlocked.

11. Law enforcement entered the Victim B Residence and cleared the townhouse and attached garage for persons. Law enforcement did not find anyone inside the townhouse or the attached garage. Lights were on throughout most of the rooms, and containers of food were left out.

12. Law enforcement spoke with a neighbor, who said that the garage door of the Victim B Residence was open at approximately 7:30 a.m. on October 27, 2024. The neighbor noticed the open garage door because he/she shares interior space of the enclosed garage with the Victim B Residence.

13. Prior to leaving, law enforcement locked the front door to the townhouse, leaving the interior door to the garage unlocked, and exited through the garage door. There were two garbage bags of items that were left outside the garage door, which law enforcement placed back in the garage.

14. Law enforcement also observed an unopened food delivery left on the front porch. The receipt was dated October 27, 2024 at 9:44 a.m. There was also an unopened box addressed to “[Victim B], [at the Victim B Residence]” located on the porch, in front of the door.

15. Individual A told law enforcement that he purchased a BMW X6 for Victim A. According to a law enforcement database, Victim B has a BMW X6 registered to her. Law enforcement located that BMW X6 parked on the street within the townhouse property, unlocked.

16. On October 28, 2024, Individual A contacted law enforcement again because he found a reservation at the St. Regis Hotel booked on Victim A's American Express card which is under Individual A's account. The reservation was from October 27, 2024 to October 30, 2024.

17. Law enforcement contacted the St. Regis Hotel in New York and confirmed that Victim A did have a reservation, but never arrived.

18. According to Individual A, and then confirmed by law enforcement, Victim A and Victim B purchased United Airline tickets from Chicago to New York on October 27, 2024 on flight UA3592, returning on November 03, 2024 on flight UA1442. United Airlines confirmed that they never boarded the flight.

19. On October 31, 2024, Individual A contacted law enforcement again due to receiving an additional ransom call, this time from telephone number 312-545-8571.

20. Law enforcement requested exigent records associated with telephone number 312-545-8571 from multiple organizations, including Apple. Apple provided records that indicated that telephone number was associated with the below:

21. Apple ID: zhangfan8298@gmail.com

22. Name: FAN ZHANG

23. E-Mail: zhangfan8298@gmail.com

24. Address: xxxx Stevens Avenue, San Gabriel, CA

25. Business Phone Number: 626-xxx-8885

26. Verified Phone: 626-xxx-2218

27. Additional Phone: 312-545-8571

28. Law enforcement obtained an emergency request for records associated with 312-545-8571, and later a federal search warrant for historical and prospective location information (24 M 860). Records from T-Mobile indicated minimal outgoing/incoming calls. The records also indicated that the location of the telephone moved to the vicinity of O'Hare International Airport on November 1, 2024.

29. Law enforcement later learned that FAN ZHANG, along with ZEHUAN WEI, departed Chicago from O'Hare to Las Vegas, Nevada at 7:00 p.m. on November 1, 2024 via Spirit Airlines flight NK330.

Recovery of White Van

30. Law enforcement canvassed rental car companies at O'Hare and determined that WEI rented a vehicle from Avis Budget. Law enforcement met with an Avis Budget Group operations Manager at O'Hare Airport. The Operations Manager informed law enforcement that a white Chrysler Pacifica bearing Missouri license plate NK2T8S had been rented by WEI from the Avis Budget location in Hoffman Estates, IL on October 29, 2024 at approximately 5:04 p.m. According to the Operations Manager, the vehicle was rented by WEI and was returned at approximately 6:05 on November 1, 2024.

31. A federal search warrant was obtained and executed on the white Chrysler Pacifica, which led to the recovered of multiple items of evidence, including

DNA swabs, receipts, clothing, bottles, medical masks, cigarettes, AirPod case,⁸ backpack, and latent prints (24 M 871). The forensic analysis of the evidence items is currently pending.

Recovery and Interview of Victims

32. On November 1, 2024, Individual A contacted law enforcement again to advise that he had received a telephone call from Victim A, from a telephone number associated with Northwestern Memorial Hospital. Individual A added that Victim A stated that he was okay, and that he was with Victims B, C, and D.

33. Personnel from the FBI Violent Crime/Fugitive Task Force (VCFTF) responded to Northwestern Memorial Hospital.

34. After being discharged by medical personnel, Victims A, B, and D voluntarily agreed to be driven to FBI Chicago, located at 2111 West Roosevelt, Chicago, IL, in order to be interviewed regarding the kidnapping incident. Victim C stayed at Northwestern Memorial Hospital for monitoring.

35. Victim A told law enforcement s/he was kidnapped on October 27, 2024 by multiple men while s/he was getting out of the shower. Victim A explained that s/he later found out that Victim B or Victim D let the offenders into the garage after the offenders knocked on the door pretending to have caused damage to Victim A and B's garage. Victim A explained that s/he was immediately asked to conduct cryptocurrency transactions, sending his/her virtual assets to the offenders. Victim A

⁸ In a previous warrant, this was referred to as "iPods." That was a typographical error; and AirPod case was recovered.

advised that s/he, along with Victims B–D, were placed in a white sprinter van and driven for approximately one hour. Victim A advised that s/he felt the first house he and Victims B–D were taken to was an Airbnb due to the setup, and because a neighbor came by to advise the offenders could not park their van where it was parked. Victim A stated that s/he was driven around on multiple occasions by the offenders in order to make additional cryptocurrency transactions. Victim A stated that after one night, Victims A–D were moved to a different house for the additional time they were held in captivity. Victim A explained that s/he felt it was an Airbnb as well. Victim A advised that s/he was hit on the head with what s/he thought was a gun during the kidnapping, but otherwise, was treated fine.⁹ Victim A recalled eating McDonalds, Culvers, Subway, and PF Changs. Victim A explained that at times s/he had his/her glasses (s/he is nearsighted and the kidnappers took his/her glasses from him/her at times), at times s/he was zip-tied/duct taped, and at times, blindfolded. Victim A did not believe s/he could identify the kidnappers, as Victim A advised that the kidnappers were wearing masks. Victim A recalled being released on the afternoon of November 1, 2024, and walking to a dry cleaners who helped call an Uber. Victim A explained that s/he and Victims B–D went home, then took the same Uber to Northwestern Memorial Hospital. Victim A stated that there were multiple offenders, possibly five to six, who spoke Mandarin as well as Spanish.

36. Victim B told law enforcement that s/he recalled hearing a knock on the door, and Victim D speaking with an unknown individual who claimed to have

damaged the garage accidentally. Victim B went to the door and observed a man with a hat and glasses. Victim B added s/he was not wearing his/her glasses and couldn't see well. Victim B was asked by the unknown male if s/he spoke Chinese. The unknown male asked Victim B and Victim D to open the garage, because if it didn't work, the unknown male would give them money to repair it. Victim B and Victim D went to the garage, and opened the door. At this point, multiple unknown individuals with guns took control of Victim B and Victim D. Victim B and Victim D were asked questions regarding Victim A's family, then had their eyes covered and hands tied together. After Victim B told the unknown males that Victim A was upstairs, some of the unknown males went upstairs. Victim B recalled being moved, along with Victim D and Victim C, into the back alley and into the back of a van. Victim B recalled Victim A was eventually placed in a van, and then the van began driving. Victim B explained that four or five kidnappers were also in the van, and there was an additional car following the van. Victim B recalled stopping at some point for the leader of the group to force Victim A to make a phone call to his/her father. Victim B recalled that demands were made to Victim A's father for money, who replied that he didn't have the amount of money requested. Victim B explained that the van drove again, and ultimately arrived at a residence. Victim B recalled being moved into the residence and given a hamburger. Victim B explained that the wrapper was blue and white, and the receipt had an address that might have been Berwyn. Victim B recalled staying at the residence one night, then moving to a second residence where Victims A-D stayed in the basement. Victim B explained that they were provided

McDonald's and Panda Express. Victim B explained that on multiple occasions, Victim A made transfers of money to the kidnappers while being driven around by the kidnappers by him/herself. Victim B explained that the kidnappers became very angry after finding out that Victim A had an Apple Airtag in her/his wallet. On November 1, 2024, Victim B recalled being driven in another vehicle to an area where Victims A–D were freed. Victim B explained that they then walked to find help and were able to order a rideshare from the owners of a dry cleaners.

37. Victim B advised that s/he did not see the faces of the kidnappers, aside from the first individual with a hat/glasses but Victim B wasn't wearing his/her glasses. Victim B added that the kidnappers would also wear hat/masks. Victim B also stated that s/he was very afraid.

Identification of First Airbnb

38. On November 2, 2024, Victim A provided additional information to law enforcement. Victim A advised that s/he believed the first house that s/he was taken to by the kidnappers was located in the 1300 block of South Harlem, Forest Park, IL (South Harlem Airbnb).

39. Law enforcement conducted queries of Airbnb, which revealed that the South Harlem Airbnb was listed as an Airbnb property.
